

CANCELLATION NOTICE

LF 126A, Continuation Sheet for Purchase Request/Purchase Order (PR/PO) (Continuous Feed) (Rev. Sept. 1993)

Cancelled effective 09-05-07

LF 126A, Continuation Sheet for Purchase Request/Purchase Order (PR/PO) (Continuous Feed) (Rev. Sept. 1993), was the tool formerly used for the continuation of a purchase request/purchase order (PR/PO) printing to a continuous feed printer to purchase items through Procurement and was specifically used to initiate purchase requests for items that required a price for each item (DOD and GSA). Because the need for continuous feed printing is obsolete and SAP now has pricing functionality for each item, the form is no longer used and is officially cancelled.
