

## **CANCELLATION NOTICE**

LF 194, Mandatory/Required Training Needs and Record Form  
(Rev. Aug. 2002)

Cancelled effective 05-07-07.

Tool used to document and record mandatory/required training needs for each position. Form was confusing and has been replaced by other procedures (an Agency-system that records completed training, use of LF 405, Individual Development Plan, that records mandatory training, and an electronic database that captures all training needs).
