

CANCELLATION NOTICE

LF P336, Environmental and Affirmative Procurement Review (Rev. Sept. 2007)

Cancelled effective 01-30-08.

LF P336, Environmental and Affirmative Procurement Review (Rev. Sept. 2007), was the tool used to coordinate review of solicitation with the Environmental Management Team (EMT). This form has not been instrumental in receiving timely responses from the EMT for reviews; ultimately responses are better received verbally or through email. LMS-OP-4511 has been approved to reflect this level of communication for review by the EMT on solicitations v/s use of this form. It is therefore officially cancelled.
